

EDUCATION & LEARNING PROGRAMME

Our Education Offer

Autin Dance Theatre (AutinDT) delivers high quality live creative workshops through dance theatre and movement with our highly trained professional dance artists. We work with children, young people and young adults from those new to dance, to those who are more experienced. We also offer digital programme packages alongside our performance work and can deliver workshops via live digital methods. We also offer professional development opportunities for teachers and leaders.

Why we value Our Education Programme

AutinDT's mission is to inspire, educate and instigate positive social changes by delivering world-class multi-disciplinary arts activities. We have seen first-hand the positive changes that our participants have benefitted from in taking part in our workshops, including boosting self-esteem, learning about new topics, positively challenging perspectives and increasing in healthier lifestyles. We like our education programme to also complement our live performances.

Who we are

AutinDT is an independent arts organisation established in Birmingham since 2013. Under the helm of Director/Choreographer Johnny Autin, the Company produces innovative and aspirational artistic performances and provides extensive learning and participation programmes in the community. We work with exceptional local and national dance artists to deliver our work across the Midlands and beyond. More information about the company can be found on our website www.autindt.co.uk or our social media pages.

How we deliver workshops

AutinDT offers a flexible approach to suit your school settings (ie: spaces, timetable and themes). We can tailor work for Key Stages 1 to 4 curriculum topics, specific school projects or we can deliver theme-related workshops around our performance projects (the environment, relationships, wellbeing). We offer half and full day activities, and can deliver a full-week programme or weekly sessions to suit your timetable. We will require a suitable space to deliver sessions in such as a studio or sports hall. Alternatively, we can deliver through digital methods if required.

Our Workshops are accessible

We can work with a range of different people to best suit their needs. We would require a conversation about how best we can support your participants and we will ensure we will provide the most appropriate dance artist for your participants needs, and work with you to provide any other support your participants may need.

Our Dance Artists

We work with highly skilled professional Dance Artists who have specific experience working with children, young people and young adults. They have all been through an application process and have received training from **AutinDT**. They are all DBS checked and are fully covered with insurance through the company. If you are interested in a specific person to work with your young people, then please do let us know.

Workshop Costs

£175 for 1/2 day

£250 for full day

*All our creative workshops are eligible for PE and Sport Premium Funding.

Contact & Booking Information

For a further conversation with us or to book a workshop/series of workshops please contact Kirsten at kirsten@autindt.co.uk or 07841530484.
